- 1. The Scale of Fees includes prices for main and ancillary services provided by CDCP according to the list and division of services published on CDCP web page from moment when authorisation granted to CDCP pursuant to article 16 of CSDR Regulation becomes effective.
- When sending the outputs of information services to natural and legal persons, a part of service is the postage of C.O.D according to the valid Scale of Postage Fees of the Slovak Post Office as well as all fees related to the transfer of payment to individual accounts (Code CD-10306 Postage according to the Scale of Postage Fees of the Slovak Post Office).
- 3. The payment for provided services is made on the basis of an issued invoice by means of cash transfer, cash on delivery, or possibly in cash at working place of the Business Services Department based on an issued receipt. In case the total price for services provided is higher than € 400 without VAT, CDCP has right to ask for advance payment in amount of € 400 in cash and remainder via an invoice. Members of CDCP pay for provided services via issued invoice.
- 4. In case of a request for services, job performance and statistical data from the CDCP's registry not included in this Scale of Fees, but related to the CDCP's scope of activity, the price for such services shall be determined through an agreement between the client and the CDCP (Code CD-10307– Other services related to activities of CDCP).
- 5. In case the service was not executed successfully (ends with an error return code), the price for such service shall only be equal to the basic price, unless otherwise is stated in the Scale of Fees.
- 6. In case the nominal values of securities are specified in SKK, for purpose of this Scale of Fees the nominal values are converted into EUR by conversion rate 30.1260 SKK /1 EUR.
- 7. For securities issued in a currency other than euro applies that CDCP shall convert volume of securities issue using the exchange rate of the currency to euro set by the National Bank of Slovakia on the date of calculation.
- 8. For services of CDCP provided on the basis of a written agreement (in particular issue registration, issue cancellation, etc.) the agreement shall specify the price for provided service and terms of payment or pricing method. The price specified in the agreement need not be final and depends on the client's further requests for the performance of services.
- 9. For services provided on the basis of a written agreement CDCP reserves the right to issue for concerned services an invoice for advance payment and to perform the services only after the advance payment is received. CDCP also reserves the right, in compliance with the provisions of concluded agreement, to provide services only after the customer settles all overdue obligations it has towards CDCP.
- 10. In compliance with the Act No. 222/2004 (Coll.) on Value Added Tax in current wording CDCP adds, in the moment of service provision, a value added tax to the final price of the service, except services exempted from value added tax (hereinafter only "VAT").
- 11. The final price of provided services shall be rounded off in compliance with the Act No. 18/1996 (Coll.) on Prices in wording of later legislation.
- 12. Provisions of this Scale of Fees shall apply to securities issued pursuant to legislation of the European Monetary Union in the same way as they apply to securities issued in accordance with law of the Slovak Republic and CDCP shall execute services related to issuance of such securities free of charge pursuant to the community agreement on supporting monetary mechanisms of the European Union.
- 13. CDCP reserves the right to state in its invoices a code of service or an abbreviated name of the service.

- Value of securities is sum of products of number of securities and of the nominal value of each securities issue held on the account. In case of an issue of shares without the nominal value, sum 1,00 EUR will be used instead of the nominal value of the security issue to calculate value of securities in the account.
- CDCP shall set value of units of unit trusts as a product of the initial value of one unit, of number of shares in one unit of the unit trust and of number of units of the unit trust from respective issue held on an account of securities owner.
- The value of securities calculated in respective month does not include debt securities after maturity date that is specified in the issuance conditions. In case of premature redemption of debt securities, calculated securities value for respective month will not include such securities which will be cancelled, based on request of an issuer, by the end of respective month, if CDCP is delivered the request minimum 5 working days before the end of respective month.
- Securities issued by issuers deleted from the Companies Register without successor in title and whose issuer's register administrated by CDCP has been terminated in given month shall not be included to securities value in respective month.
