1. When sending the outputs of information services to natural and legal persons, a part of service is the postage of C.O.D according to the valid Scale of Postage Fees of the Slovak Post Office as well as all fees related to the transfer of payment to individual accounts (**Code CD-01 - Postage according to the Scale of Postage Fees of the Slovak Post Office**).
2. The payment for provided services is made on the basis of an issued invoice by means of cash transfer, cash on delivery, or possibly in cash at working place of the Business Services Department based on an issued receipt. In case the total price for services provided is higher than € 400 without VAT, CDCP has right to ask for advance payment in amount of € 400 in cash and remainder via an invoice. Members of CDCP pay for provided services via issued invoice.
3. In case of a request for services, job performance and statistical data from the CDCP’s registry not included in this Scale of Fees, but related to the CDCP’s scope of activity, the price for such services shall be determined through an agreement between the client and the CDCP. (**Code CD-123 – Other services related to activities of CDCP**).
4. In case the service was not executed successfully (ends with an error return code), the price for such service shall only be equal to the basic price, unless otherwise is stated in the Scale of Fees.

5. In case the nominal values of securities are specified in SKK, for purpose of this Scale of Fees the nominal values are converted into EUR by conversion rate 30.1260 SKK /1 EUR.
6. For securities issued in a currency other than euro applies that CDCP shall convert volume of securities issue using the exchange rate of the currency to euro set by the National Bank of Slovakia on the date of calculation.
7. For services of CDCP provided on the basis of a written agreement (in particular issue registration, issue cancellation, etc.) the agreement shall specify the price for provided service and terms of payment. The price specified in the agreement need not be final and depends on the client's further requests for the performance of services.
8. For services provided on the basis of a written agreement CDCP reserves the right to issue for concerned services an invoice for advance payment and to perform the services only after the advance payment is received. CDCP also reserves the right, in compliance with the provisions of concluded agreement, to provide services only after the customer settles all overdue obligations it has towards CDCP.
9. In compliance with the Act No. 222/2004 (Coll.) on Value Added Tax in current wording CDCP adds, in the moment of service provision, a value added tax to the final price of the service, except services exempted from value added tax (hereinafter only "VAT").
10. The final price of provided services shall be rounded off in compliance with the Act No. 18/1996 (Coll.) on Prices in wording of the Act No. 520/2003 (Coll.).
11. Provisions of this Scale of Fees shall apply to securities issued pursuant to legislation of the European Monetary Union in the same way as they apply to securities issued in accordance with law of the Slovak Republic and CDCP shall execute services related to issuance of such securities free of charge pursuant to the community agreement on supporting monetary mechanisms of the European Union.
12. CDCP reserves the right to state in its invoices a code of service or an abbreviated name of the service (the list of abbreviated names is in Annex 2 of the Scale of Fees).
13. The services specified in the annex of the Scale of Fees can comprise of multiple technological steps, which can be represented by services with various codes of Dxxx type, where "Dxxx" represents an alphanumeric identification of corresponding service.

* In case the maturity period of bonds is longer than 12 months and value of the issue is € 500 000 000 or more, price for registration of bonds issue to the issuer's registry is 100 €.

** In case the maturity period of bonds is longer than 12 months and value of an issue is € 500 000 000 € or more, CDCP shall send an invoice with price for issuance/crediting of bonds from relevant issue to the issuer once per month; the price is calculated pursuant to the table 2.2, whereas basis for fee calculation is value of bonds which were credited to the accounts during previous month based on an instruction from the issuer; maximal price for entire bonds issue is € 600 000.

- CDCP shall provide a discount of 50% of the price according to the table 2.2 if the issuer undertakes to introduce an issue of bonds to trading on the listed market of BSSE within three months from the registration date. If the condition from the first sentence is not met, the issuer is obliged to pay additional price equal to the provided discount. Provisions of this paragraph do not apply to government bonds and mortgage bonds.
