1. Introductory Word of the Managing Director

Dear Ladies and Gentlemen,

In December Centrálny depozitár cenných papierov SR, a. s. (hereinafter only „CDCP“ or „central depository“) celebrated 25th anniversary of its establishment. Thus we recalled the quarter-century of our business. That is one of the reasons why I am very pleased that the year was especially successful for our company at all points. We completed several important projects that will become the mile-stones in the company's history. Moreover we still keep the positive economic trend.

We have achieved positive economic result for sixth year already. I consider five successive years when the profit of the company crossed the border of a half a million EUR a success. Such result indirectly relates to loose policy of the European Central Bank (hereinafter also “ECB”) and longstanding low government bonds costs/yields. I can evaluate this year as very successful also thanks to the Agency for Debt and Liquidity Management (hereinafter also “ARDAL”) and its activity in placing the bonds. Despite long-lasting equities decline we noticed rebirth in bonds.

Last year culminated CDCP preparations for migration to the common technologic platform Target 2-Securities (hereinafter also “T2S”), which is operated by the ECB. In February 2017, together with our settlement system participants, we have successfully finished the project and connected to the T2S platform. Thus we joined the European countries that advanced towards the harmonisation and upgrade of their capital market infrastructure.

In September 2017 we completed the documentation and submitted the application for CDCP authorisation according to the European regulation, namely in compliance with the requirements of the Regulation (EU) No. 909/2014 of the European Parliament and of the Council (hereinafter also “CSDR Regulation”). At the same time we have established the internal structures and procedures supporting increase in quality of provided services and effective risk management.

Another important activity of the last year was initiation of the accreditation process with the Global Legal Entity Identifies Foundation (hereinafter also “GLEIF”), the organisation in charge of the global LEI codes system. This process was completed at the end of the year and in January 2018 we were granted the certificate confirming successful accreditation for allocating the LEI codes in the Slovak and Czech Republic.

In co-operation with our participants we further stabilise CDCP position in the capital market basic infrastructure of the Slovak Republic. Jointly with the National Bank of Slovakia (hereinafter also “NBS”) and the Ministry of Finance of SR (hereinafter also “MF SR”) we actively participated in harmonizing of the domestic legislation with the European regulation and the market standards.

The last year was challenging as regards the teamwork and professionalism of CDCP employees. I would like to express my thanks to everybody for the effort and loyalty. Appreciation belongs also to our clients and participants for support and favour, and understanding showed in difficult moments that appeared during implementation of mentioned changes. I have a great regard for co-operation and professional approach of NBS and MF SR. And confidence of the shareholder - the Bratislava Stock Exchange, jsc (hereinafter only “BCPB”) means acknowledgement, as well as commitment. Thus we would like to express our respect and we would like to thank for the support we obtain.

Yours faithfully

Martin Wiedermann
Chairman of the Board and the Managing Director of CDCP

2. Core Activities

2.1. Processing of Transfer Instructions

During 253 operating days in 2017, the total value of transfers reached 61 193 million euro, what represents increase by 47% compared to the year 2016. The average daily value of processed transfers reached 242 million euro. On the contrary, the number of transfers decreased by almost 52 % compared to the year 2016. The average daily number of transfers dropped to 61.

2.2. Value of Securities in CDCP Registry

2.2.1. Year-end Balance in Owner's Accounts

As of 31 December 2017 the book-entry securities with the total nominal value of 80 992 million euro were credited to the owners' accounts, clients' accounts and holders' accounts. The highest share of that value was represented by bonds in the total value of 43 357 million euro. The total value of shares registered in the accounts was 37 356 million euro and the value of co-operative units issued in CDCP amounted to 98 million euro. The number of issues of book-entry shares issued as of 31 December amounted to 1 810 issues. The number of issues of bonds was 526, and 256 issues of co-operative units were registered. The number and value of issues of book-entry units of the unit trust did not change in the course of the year 2017 - 16 issues with the total value of 3 million euro were registered. In Other securities category, where also one issue of bonds of the National Property Fund, SR (hereinafter also "NPF") is registered, 30 issues with the total value of 178 million euro were registered. In 2017 no single issue of treasury bills was issued.

The total value of book-entry securities issued in CDCP increased by 2.79 % compared to the previous year, and the increase expressed in the nominal value equals 2 195 million euro.

In the year 2017, the increase was recorded in bonds and their nominal value risen by 3 817 million euro. The value of issues of book-entry shares decreased by 112 million euro, as well as the value of other securities decreased by 1 499 million euro. The value of co-operative units fell by 10 million euro. In 2017 the units of the unit trust did not show any change compared to the previous year and their value was 3 million euro.

2.3. Issuer's Registers, Lists of Shareholders and Other Services

2.3.1. Administration of Issuer's Registry

As of 31 December 2017, CDCP kept issuer's register for 1 475 issuers of book-entry securities and one issue of a foreign issuer of securities is registered in a special register of foreign securities. Out of the mentioned issues, at least one security was credited to the owner's account, client account or holder's account. The number of issuers for whom CDCP administered an issuer's register decreased by 18 (-1.21 % y-o-y) compared to 2016.

2.3.2. Issuers of Paper-form Shares

In 2017, the central depository administered a list of shareholders for 3 633 issuers of paper-form shares, which represents an increase by 51 issuers (increase by 1.42 % y-o-y) compared to the previous year.

Issuer's Registers and Lists of Shareholders	2017	2016	2015
Number of Issuers for whom the CDCP administers the issuer's register	1 475	1 493	1 504
Number of Issuers of registered paper shares for whom the CDCP administers the List of Shareholders	3 633	3 582	3 580

2.3.3. Services based on Written Request

In the year 2017, CDCP handled a total of 16 196 written requests concerning birth registration number or Company ID submitted by authorised persons pursuant to Section 110 of Act No.566/2001 Coll. on Securities and Investment Services as amended. This figure involves 7 535 requests submitted by tax and customs offices to which the services are provided free of charge and 1 934 requests submitted by notaries. Compared to 2016, CDCP handled by 826 requests less which makes a year-on-year decline by 4.85 %.

In the year 2017, CDCP also handled a total of 13 753 written requests submitted by natural persons and legal entities for the services such as change in owner, statement of account or change in personal data and the like.

3. Project Target2-Securities in the year 2017

In compliance with the plan, 6 February 2017 was the first operation date on the common platform T2S for CDCP and entire market and, at the same time, it was the first operation day for new information system of CDCP. Process of migration of CDCP to T2S was smooth and the first operation day started according expectation before 8 am in the morning. That day symbolise successful finishing of T2S project in CDCP.

4. Compliance

4.1. European Legislation

The Compliance department - the organisation unit liable for control and observance of compliance with legal regulations, was definitely established in the organisational structure of the company in the year 2017, together with relevant competencies, rights and responsibilities.

Main task of the Compliance function in the year 2017 was to participate and supervise preparation of documents creating attachments of the application for authorisation according to the CSDR Regulation and related implementation acts ensuring harmonisation of CDCP with the European legislation. Preparations for placing the application for authorisation were in progress from the year 2015 and resulted in submitting of the application for authorisation to the National Bank of Slovakia in September 2017. About 40 internal guidelines were prepared and approved during this extensive project, whereas many processes in CDCP are newly regulated in compliance with the European legislation. Almost 150 documents governing operation of CDCP were prepared in total.

Official procedure on granting the central depository authorisation according to the CSDR Regulation was initiated by placing the application for authorisation to the National Bank of Slovakia. We can tell that by implementation of new processes, principles and systems inside the company was assured that CDCP is presently operating in compliance with the European standards and is harmonised with the other central depositories operating in EU member states.

The CSDR Regulation together with relevant regulatory technical standards, EMIR Regulation and MiFID II Directive create in EU the basic framework of rules for systemically important infrastructures for securities. By approving of the directives in EU (or by adoption of the amendments) was evoked requirement to transpose the directives to domestic legislation. That was the reason for amendment to the act No. 566/2001 Coll. (amended by the act No. 237/2017 Coll.), by which the MiFID II Directive was implemented to the national legal regulation in the year 2017. This amendment brought multiple changes relevant to CDCP operation, e.g. implemented were new types of securities, and the LEI codes were introduced as a novelty in legislation of the Slovak Republic. Majority of these amendments to

the Act No. 566/2001 Coll. became effective on 1 November 2017 except of changes with effectivity postponed for year 2018 and 2019.

The challenge for next period is implementation of all relevant amendments of the legal regulations and their introduction to company processes so that CDCP is compliant and acts in compliance with valid legislation. In this connection we would like to mention primarily the amendment of the act No. 297/2008 Coll. on Prevention of Legalization of Proceeds of Criminal Activity and Terrorist Financing and on Amendments and Supplement to Certain Acts, by which were adopted the provisions of the 4th AML Directive, and also adoption of completely new act No. 18/2018 Coll. on Protection of personal data and on amendments and supplement to certain acts, which reflects the GDPR Regulation. Continual inspection of effectiveness of and adherence to the regulations in the company and the knowledge examination among the employees is essential and no less important task of the Compliance function.

4.2. Assessment of the Settlement System due to Migration to T2S

In connection with migration to T2S the Eurosystem in the year 2017 executed assessment of the securities settlement systems of the depositories which migrated to T2S in the fourth wave. During the process also the securities settlement system operated by CDCP was assessed. The user assessment was made in accordance with the Framework for the assessment of securities settlement systems and links in order to indicate their eligibility for use in the Eurosystem credit operations. Based on the assessment the Eurosystem Governing Council concluded that CDCP remains eligible to be used for the monetary policy operations and the intra-day credit operations of the Eurosystem.

5. Risk Management

In order to ensure credibility and stability of the company the CDCP Board of Directors attaches crucial importance to functional and complex risk management system. Nevertheless, CDCP abides not only with the requirements of the national legislation but equally respects applicable EU legal regulations. In the year 2017 CDCP established independent risk management function. The Risk Manager provides the company management with independent view on risks CDCP and its participants are exposed to, proposes necessary measures for mitigation of the risks and enforces implementation of the measures. Of course, also the other managers are engaged in the risk management system of CDCP. Adopted risk management system helps the company to achieve defined goals and implement the business strategy without fluctuation due to possible high risk exposure. As CDCP is exposed mainly to operation risks, the company management pays the highest attention that group of risks.

CDCP risk management does not take in account only eventual losses but also consequences of eventual interruption of service provision to the participants in the settlement system and other clients. CDCP maintains set of business continuity plans and recovery plans for different scenarios of standard operation disruption to ensure provision of services also in critical situation.

Pursuant to requirements resulting from the binding regulation CDCP covers all risks it is exposed to by own capital in stipulated extent. CDCP implemented procedure to obtain additional own capital in case the level of the capital should not be sufficient anymore.

CDCP shall grant access to provided services or shall open a link to another central depositories only after due assessment of risks, which the requesting person could represent for the company or the other entities using CDCP services. On the other side, adequate care is given also to management of risks which the participants and other clients are exposed to by using CDCP services or in connection with opened link.

6. Internal Audit

The year 2017 was the key year for the Internal Audit function. The central depository underwent a transformation from the internal control function to the independent function of internal audit. The Internal Audit Department, directly responsible to the Supervisory Board, was created and also the Audit Committee was established as an advisory body of the Supervisory Board with aim to oversee activities of the Internal Audit in CDCP. The Audit Committee in compliance with the Statute of the Audit Committee discussed the Statute of Internal Audit, methodology of the internal audit and the Audit Committee Statute and addressed its proposals to the Supervisory Board. The Internal Audit Department prepared a strategic and operational plan of internal audit and also proposal to execute the internal audit externally; the documents were prepared in compliance with the internal audit methodology. These entire documents were approved by the Supervisory Board of the company after they were discussed by the Board of Directors. Hereby all documents required for due execution and function of the Internal Audit in CDCP became valid.

Purpose of the Internal Audit in CDCP is to provide assurance on risk management in connection with achieving of adequacy and efficiency of management, operation or information processes and systems with respect to objectives and tasks of the central depository, reliability and integrity of financial and operation information, effectivity, efficiency and economy of operations, assets protection and compliance with generally binding legal regulations, internal regulations and agreements. The Internal Audit stated in the year 2017 that the internal processes are performed in compliance with approved internal regulations for management of the company and didn't identify breach of the act No. 566/2001 Coll. on Securities and Investment services as amended and of the Regulation (EU) No 909/2014 on improving securities settlement in the European Union and on central securities depositories. Alike no breach of the act No. 297/2008 Coll. on Prevention of Legalization of Proceeds of Criminal Activity an Terrorist Financing as amended was identified during audits.

7. International Standards

CDCP assigns the ISIN code to issues of book-entry securities and paper-form securities which identifies the issue of securities and other financial instruments. ISIN code is assigned in compliance with the international standard ISO 6166 which stipulates the specific structure and mechanism for generating these codes. ISIN code is used as a basic identification of an issue not only in the central depository register, but also in any information systems working with securities. ISIN codes assigned to securities issued in the Slovak Republic start with the prefix "SK".

Moreover, CDCP allocates the CFI and FISN codes as identifiers required for all book-entry and paper-form securities to which also ISIN code was allocated. The ISIN code is assigned in the moment when it is generated. In accordance with the international standard ISO 10962 CDCP assigns CFI code – it is not a unique code identifying a particular issue of securities, but the code which identifies the category of securities and their relevant attributes in detail. CFI code is assigned due to existing need for consistent and uniform approach to categorisation of securities into groups mainly in cross-border trading.

CDCP assigns FISN code in compliance with the international standard ISO 18774. FISN code identifies in detail the short name of the financial instrument and is assigned in order to provide consistent and uniform approach to standardisation of the issuer's short name and description of securities. FISN code together with ISIN and CFI codes give clear identification of and information on securities to the capital market participants, who making the financial transactions, both at national and international level.

Within the Slovak Republic, ISIN, CFI and FISN codes are assigned by CDCP as the National Numbering Agency.

In 2014 CDCP started to assign LEI codes according to the international standard ISO 17442. Since 21 May 2014 when CDCP was approved as the Local Operating Unit, LEI codes assigned by CDCP may be used for identification of entities within the EU legislation (e.g. EMIR, SOLVENCY I., II.) and also other standards related to international financial market regulation.

In 2017 CDCP successfully completed accreditation process in order to become the LOU operator in the Slovak Republic. Accreditation is process during which the Global Legal Entity Identifier Foundation (GLEIF) assesses preparedness of the organisation interested in operating within the LEI Global System, assigning the LEI codes, and managing the reference data of entities with allocated LEI code. Upon accreditation the organisation functioning as a Local Operating Unit in temporary scheme (pre-LOU) becomes a member of the LEI Global System (GLEIS), entitled to operate as the accredited Local Operating Unit (LOU) in any of the countries for which it has been accredited.

8. Human Resources

In the year 2017 at average 86 employees were employed in CDCP.

Structure of employees in the year 2017:

Average number of employees	69 total
Out of that:	30 men
	39 women
Entries	11 employees
Terminations	18 employees
Average age of all employees	42 years
Average age of new employees	33 years

8.1. Education

The employees are regarded the most valuable asset which directly affects the quality of CDCP results. We are interested in employing the competent and quality employees who understand their work, thus are performing it well. We expect mainly competence, loyalty and client-oriented approach from our current employees and also from the applicants.

To provide our employees with the opportunity to improve continually, we invest into educational activities and support both professional and personal growth of our proficient employees. In 2017 we prepared 27 educational activities for our staff, mainly seminars, trainings, conferences, and workshops, which were attended by 26 employees altogether.

8.2. Benefits for the Employees

We do our best to acquire and maintain the proficient employees by co-ordinating the benefits and corporate culture, and our goal is to achieve balance between their private and working life. In 2017, each employee was provided with 5 days of leave beyond the entitlement under the Labour Code. We care about good relationships among co-workers and Christmas Party for all employees also helped to strengthen the relations.

9. Strategic Vision

The strategy of our company remains unchanged and is set on three basic pillars. Improvement the quality of services and increasing the efficiency while remaining stability of provided services and achieving the profit stay in our viewpoint. Basis for realisation of our goals is the strategy for years 2016 – 2019 approved by the shareholder

The aim of the strategy is to make provided services more simple and attractive. We want to bring an added value to our customers and address the new ones. At the same time we want to be reliable partner to our members (participants in the settlement system), clients, and suppliers. That requires appropriate market conditions and consistent regulatory environment attractive to investors. Important task for CDCP will be to contribute by co-creating of stable infrastructure.

Our ambition is to further develop the strategic tasks we could consider as accomplished.

1. To prepare CDCP for granting the authorisation in accordance with the requirements of CSDR Regulation and the respective RTS.
2. To ensure implementation of T2S Project in accordance with commitments to NBS and ECB, stabilise the production information systems, and make the services available to our users.
3. To establish performance metrics for all job positions, make the organisational structure real, and finalise the working processes.
4. To obtain the accreditation of LEI codes provider and to become a full member of GLEIS

Main strategic task still are:

1. To increase efficiency of services provided through introduction of digitalisation and computerisation of internal processes.
2. To clarify and simplify the Scale of Fees in connection with the transition to T2S and the requirements of the Regulation, to ensure long-term sustainability of services.
3. To harmonize the internal processes with the requirements of EU GDPR Regulation
4. To harmonize with EU market standards and eliminate certain local specificities (divided securities, differentiation of instructions, overlapping of pledge, suspension of disposal right, etc.).

5. To cooperate actively with the Users Committee and clients of CDCP. To transform CDCP to a modern client-oriented company that meets current European standards and to develop new trends and bring new innovative solutions providing our clients with the higher added value.

The strategic goal of our company is clear. By realisation of key task we want to achieve that CDCP reaches standard level of provided services in strong European competition while accepting the local limits.

10. List of CDCP Participants

CDCP provides services mainly through its participants. In compliance with Act No. 566/2001 Coll. on Securities and Investment Services as amended and in compliance with the CSDR Regulation, the bank, foreign bank, securities broker, foreign securities broker, central counterparty, clearing agent, clearing house, operator of a settlement system or payment system, state administration body, company with guarantee provided by the state in connection with participation in the settlement system or in the payment system, and a central depository may become a participant.

In the year 2017, CDCP granted the status of a participant in the securities settlement system to the Arca Brokerage House o.c.p. a.s. and Infinity ELITE, o.c.p., a.s. and to the foreign bank Raiffeisen Bank International AG, with its registered office in Vienna with the effect from 2 February 2018. Except that, CDCP granted access of the central depository to the settlement system to two international central depositories, namely to the Clearstream Banking S.A. with effect from 1 March 2018, and to the Euroclear Bank SA/NV with effect from 2 February 2018, and by granting the access the depositories became the participant in the securities settlement system. During the year 2017 CDCP discontinued status of the participant in the settlement system and membership in the central depository for the company Sberbank Slovensko, a.s. and to foreign central depositories Clearstream Banking, AG (Germany) and Krajowy Depozyt Papierów Wartościowych, S. A., (Poland). As at the end of the year 2017 CDCP had 22 participants (11 banks, 7 securities brokers, 1 foreign central depository, ARDAL, the National Bank of Slovakia, NCDCP).

All of the existing members of CDCP, after the new CDCP Rules of Operation elaborated in accordance with CSDR Regulation came into effect on February 2017, acquired the status of participant in CDCP settlement system.

In the year 2017 all participants who were granted the participant access to the securities settlement system before 6 February 2017 submitted to CDCP documentation and information declaring compliance with the participation criteria pursuant to the Rules of Operation of CDCP, which became effective on 6 February 2017.

CDCP granted access to the securities settlement system also to the other market infrastructure in the year 2017 – Burza cenných papierov v Bratislave, a.s., and to entity EuroMTS Limited (Great Britain) with effect from 2 February 2018.

- Patria Finance, a.s.
- Slávia Capital, o.c.p., a.s.
- Sympatia Financie, o.c.p., a.s.

CDCP Participants in 2017

11. Economic Result in the year 2017

a) Economic result:

In the year 2017 CDCP continued in the positive trend of the economic results achieved in previous years, which exceeded sum of 0.50 million EUR after taxation. Compared to last year the economic result decreased by 1 percent.

The year-on-year development of the economic result was affected by almost same decrease in expenses and revenues, which area about 16% lower than in the year 2016.

The expenses and revenues of CDCP also in the year 2017 were affected by accounting procedures applied toward the related party in the amount of 1 256 008 EUR, both in expenses and revenues, i.e. without affecting the economic result. These expenses, and revenues as well, increased by 2% compared to the year 2016, and will have partial impact to the year 2018 too.

Economic results for years 2010 – 2017 (millions EUR):

mil. EUR	2010	2011	2012	2013	2014	2015	2016	2017
RESULT	-0.50	-0.30	0.21	0.62	0.66	0.72	0.58	0.57

Total value of CDCP expenses in the year 2017 was influenced mainly by the increase in depreciation by 146% relating to planned filing of new production software (project Target2-Securities). Equally services provided by third parties necessary to ensure provision of services increased by 9% compared to previous year. CDCP registered the opposite situation in connection with creation of reserves and adjustments to receivables and in creation of reserves for judicial disputes. Both types of expenses were affected by active recovering of debts and positive development in and closing of some judicial disputes of CDCP. The personal expenses, which create one of the most important groups of CDCP

expenses, are higher by 1% then in previous year, what reflects minimal changes in count of employees and remuneration policy of CDCP.

Total revenues were affected primarily by the sales from own services which decreased by 1%.

These are, similarly as during last years, markedly affected by revenues from administration of securities owner's account and registration services for issues of book-entry securities and business services for the issuers of paper form securities.

Financial revenues fell by 41% compared to the previous year, due to a decline in interest rates for term deposits as in the last year.

Costs and Revenues for the years 2010 – 2017 (millions EUR):

mil. EUR	2010	2011	2012	2013	2014	2015	2016	2017
EXPENSES	9.61	14.38	16.53	12.03	9.68	8.02	9.54	9.31
REVENUES	9.11	14.08	16.55	12.66	10.34	8.74	10.12	9.89

b) Financial position of CDCP

In the year 2017 total capital of CDCP decreased by 1 % compared to the year 2016

Current assets fell by 1% in comparison to previous year, whereas the long-term receivables decreased by 5%, short term receivables increased by 3%, and financial accounts decreased by 1 %.

The financial situation of CDCP was stable during whole year. Current and capital costs were covered by own resources

Year-on-year increase in own capital by 5% was affected by positive economic result of 0.5 million EUR.

Liabilities dropped by 2% compared to previous year.

c) Investment activities

The capital outlay of CDCP in the year 2017 reached value of 0.97 million EUR. The investment activities were used primarily to amend the production software and partial reconstruction of premises.

Distribution of profit

The General Meeting will decide on distribution of profit for the accounting period of the year 2017 in the amount of 0.57 million EUR. The proposal of statutory body to the General Meeting is the following:

- contribution to reserve fund (10%) 0,057 million EUR,
- transfer to retained earnings from previous years 0.51 million EUR.

12. Additional Information

a) impact of the accounting entity on the environment

The accounting entity does not have distinctive/special impact on the environment.

b) Research and development expenses

The company did not have expensed for research and development in the year 2017.

c) Own shares

The company didn't acquire own shares in the year 2017 and does not have any own shares.

d) Foreign branch of the company

The company does not have a foreign branch.

Identification No.: 31 338 976

Bratislava, March 2018

INDEPENDENT AUDITOR'S REPORT

To the shareholder, the supervisory board, and the board of directors of the company
Centrálny depozitár cenných papierov SR

Report on audit of the financial statements

Opinion

We have performed the audit of the financial statements of the company Centrálny depozitár cenných papierov SR, a.s. ("the Company") which consists of the balance sheet as of 31 December 2017, the profit and loss statement for the year ending on the same date, and notes which include overview of relevant accounting principles and accounting methods.

In our opinion, the financial statements present true and reliable image of the financial situation of the Company as of 31 December 2017 and of its economic result for the year which ended on stated date in compliance with the Act No. 431/2002 Coll. on Accounting as amended (hereinafter only „Act on Accounting“).

Basis for opinion

We have performed the audit in compliance with the International Standards on Auditing (ISA). Our responsibility pursuant these standards is defined in section Auditor's responsibility for audit of the financial statements. We are independent from the Company in accordance with the provisions of the Act No. 423/2015 Coll. on Statutory Audit and on Amendments and Supplements to the Act No. 431/2002 Coll. on Accounting as amended (hereinafter only "Act on Statutory Audit") with respect to ethics, including Auditor Code of Conduct, relevant for our audit of the financial statements, and we were compliant also with other requirements of these provisions related to ethics. We are convinced that obtained audit evidence is providing sufficient and acceptable basis for our opinion.

Responsibility of the statutory body for the financial statements

Management of the Company is responsible for the preparation of these financial statements so that provides true and authentic image pursuant to the Act on Accounting and for the internal controls regarded necessary for preparation of the financial statements that are free from material incorrectness, whether due to fraud or error.

At preparing the financial statements, the statutory body is responsible for assessment of Company's ability to pursue its activities continuously, for description of facts related to continuous pursuit of activities if necessary, and for application of presumption of continual pursuit of activities in the accounting, unless it has an intention to liquidate the Company or terminate the operation, or it would not have other realistic option than to do so.

Auditor's responsibility for audit of the financial statements

Our responsibility is to obtain adequate assurance that the financial statements as a whole does not includes material incorrectness, whether due to fraud or error and to issue auditor report, including the opinion. Adequate assurance is assurance of grate extent, but is not guarantee that audit performed in compliance with the International Standards on Auditing shall always disclose material incorrectness if existent. Incorrectness can arise in consequence of fraud or error, and are deemed material in case of reasonable expectation that these could have, individually or collectively, impact on economic decisions of users made on basis of these financial statements.

Within audit performed pursuant to the International Standards for Auditing, we apply expert judgment and retain professional scepticism during whole audit. Beyond that:

- We identify and assess risks of material incorrectness in the financial statements, whether due to fraud or error, propose and exercise audit procedures reacting to these risks and are obtaining audit evidence which is sufficient and suitable to provide basis for our opinion. Risk that material incorrectness is not detected is higher in case of fraud than in case of error, because fraud can include collusion, falsification, intentional omission, untrue declaration or avoidance of internal control.
- We get acquainted with internal controls relevant for audit to be able to propose audit procedures appropriate for given circumstances, but not for purpose of provision of opinion on effectiveness of internal controls of the Company.
- We are assessing suitability of applied accounting principles and accounting methods and adequacy of accounting estimations and related information made by the statutory body.
- We make conclusion whether the statutory body is properly using assumption of continuous pursuing of activity in the accounting, and based on obtained audit evidence conclusion whether material uncertainty in connection with events or circumstances which could cast significant doubts on ability of the Company to pursue its activities continuously exists. If we come to conclusion that material uncertainty exists, we are obliged to give notice in our auditor report of related information stated in the financial statements, or to modify our opinion if the information is insufficient. Our conclusions arise from audit evidence obtained before date of the audit report. However, future events or circumstances may cause that the Company shall stop continuous pursue of its activities
- We are assessing overall presentation, structure and content or the financial statements including information stated in it, and also whether the financial statements reflect realised transactions and events in a way allowing true representation.

Report on other requirements arising from the acts and other legal regulations

Report on information stated in the Annual Report

The Statutory body is responsible for information stated in the Annual Report prepared in compliance with requirements of the Act on Accounting. Our above stated opinion to the financial statements does not apply to other information in the Annual Report.

In connection with audit of the financial statements our responsibility is to obtain knowledge on information stated in the Annual Report and to assess whether there is no significant discrepancy

between contained information and the financial statements or our knowledge we have obtained during audit of the financial statements, or whether these are not notably incorrect in any other way.

The Annual Report of the Company was not at our disposal on the date when the auditor report on audit of the financial statements was issued.

After receiving the Annual Report we will assess, if the Annual Report of the Company includes information required by the Act on Accounting and based on work performed during audit of the financial statements we shall give our opinion whether:

- information stated in the Annual Report for 2017 is compliant with the financial statements for given year
- the Annual Report includes information pursuant to the Act on Accounting.

In addition, we will state whether we have found material incorrectness in the Annual Report based on our knowledge on the accounting unit and situation obtained during audit of the financial statements.

A. INFORMATION ON THE COMPANY**1. Establishment of the Company**

The company Centrálny depozitár cenných papierov SR, a.s. (hereinafter only the "Company") was established on 12 November 1992 and incorporated in the Companies Register on 22 December 1992 (Companies Register of the District Court Bratislava I., Section Sa, Insertion No. 493/B).

2. Core activities of the Company are:

- registration of owners of book-entry securities in owner's accounts and data on securities in client's accounts of members in the extent stipulated by the Act on Securities
- registration of changes in owner's accounts in the extent stipulated by the Act on Securities and in client's accounts of members
- registration of data related to book-entry securities and immobilized securities in the extent stipulated by the Act on Securities
- allocation, changes, and deletions of ISIN
- supply of services to members of central depository, issuers of securities, to stock exchange, to foreign stock exchange related to activities according to letter a) to e) and according to Section 99(4)(a) and (f) of the Act on Securities
- provision and management of the system for technical processing of data for administration of the registry according to letter a) to d) and pursuant to Section 104(2)(a) to (c) of the Act on Securities
- administration of lists of shareholders for registered paper-form securities
- registration of other data if stipulated by the Act on Securities or by the special act
- provision of redemption of the nominal value of securities and paying out yields of securities after maturity as well as other related activities at issuer's request
- provision of other services associated with activity of the central depository according to the Act on Securities
- opening and administration of holder's accounts for members
- registration of book-entry securities and immobilized securities in issuer's registers
- provision of clearing and settlement of stock exchange trades with financial instruments and clearing and settlement of trades with financial instruments on request of a client or organizer of multilateral trading system; provision of clearing and settlement of such trades is understood as organizing and administration of system for clearing and settlement of trades with financial instruments (hereinafter only the "settlement system") for at least three participants of the settlement system.
- registration of changes in holder's accounts
- opening and administration of owner account for a central depository and provision of related services
- provision of custody services for financial instruments on client's account in relation to foreign transferable securities
- opening of account with foreign legal entity with similar scope of activities as central depository, with foreign bank or foreign stock broker and provision of related services; this account is administered according to legislation according to which the foreign legal entity was founded, foreign bank or foreign stock broker who opened the account for the central depository, and registration of data on securities owner is administered according to law of the Slovak Republic
- registration of book-entry foreign securities issued or issuing by European Central Bank or by European Central Bank in collaboration with the National Bank of Slovakia, as well as provision of related activities and services of the central depository, the administration of registration is governed by this Act, special regulations, rules of operations of the Central Depository, and agreement concluded between the central depository and the European Central Bank or the central depository and the National Bank of Slovakia

3. Number of employees

Data on the number of employees for the current accounting period and prior accounting period are shown in the following table:

	Current accounting period	Prior accounting period
Average number of employees	69	73
Number of staff at balance sheet date of which:	67	76
Management	6	7

4. Test of size group of the accounting unit

The accounting unit is included in the "large accounting unit" group if it meets, in two consequent account periods, at least two of three conditions – net sum of assets exceeded 4 000 000 EUR, net turnover overreached 8 000 000 EUR and average recalculated number of employees exceeded 50 during the accounting period.

Item	Current accounting period	Prior accounting period	Yes/No
Net to assets – total	28 460 233	28 523 194	Yes
Net to turnover – total	8 481 877	8 537 018	Yes
Number of employees	69	73	Yes

The accounting unit meets size requirements to be included to size group – **large accounting unit**, therefor it compiles the financial statement pursuant to methodology for this size group (Measures No. MF/23377/2014-74).

5. Data on unlimited liability

The Company is not a shareholder with unlimited liability in other legal entities under Section 56(5) of the Commercial Code.

6. Legal reason for preparing the financial statements

The Company's financial statements as of 31 December 2017 have been prepared as ordinary financial statements under Section 17(6) of the National Council of the Slovak Republic Act No. 431/2002 Coll. on Accounting for the accounting period from 1 January 2017 to 31 December 2017.

7. Date of approving the financial statements for the previous accounting period

The General Meeting of the Company approved the Company's financial statements as of 31 December 2016, i.e. for the previous accounting period, on 22 June 2017.

8. Approval of the auditor

On 24 August 2017 the General Meeting approved the ACCEPT AUDIT & CONSULTING, s.r.o. company as the auditor of the financial statements for the accounting period from 1 January 2017 to 31 December 2017.

Deferred tax receivable recognized	<u>1 092 577</u>	<u>1 158 662</u>
Recorded as expense reduction	- 66 085	- 233 585
Recorded in equity	0	0
Deferred tax liability	<u>141 427</u>	<u>141 632</u>
Change in deferred tax liability	- 204	- 296
Recorded as cost	- 204	- 296
Recorded as equity	0	0
Other	0	0

Notes: Úč POD 3 - 01

Company ID			3	1	3	3	8	9	7	6
Tax ID	2	0	2	0	3	1	2	8	3	3

5. Social fund

Contributions to and withdrawals from the social fund during the accounting period are shown in the following table:

Item	Current accounting period	Prior accounting period
Opening balance	5 063	3 417
Contributions charged to costs	7 390	7 656
Contributions from profit		
Other contributions		
<i>Total social fund contributions</i>	7 390	7 656
<i>Withdrawal</i>	<u>6 570</u>	<u>6 010</u>
Closing balance	<u>5 883</u>	<u>5 063</u>

According to the Act on Social Fund, creation of one part of the social fund is mandatory as expense and other part may be created from the profit. According to the Act on Social Fund, the social fund may be used for social, health, recreational, and other needs of employees.

8. Accruals and deferrals

The structure of accruals and deferrals is shown in the following table:

Item	Current accounting period	Prior accounting period
Long-term accrued expenses of which:	-	-
	-	-
Short-term accrued expenses of which:	2 835	2 227
Interests from LTdeposit payable in 2016	2835	2 227
Long-term deferred revenues of which:	8 640	15 120
SW re-invoiced to MH – SW application - ECP	-	-
SW re-invoiced to MH – Fees module	8 640	15 120
Short-term deferred revenues of which:	15 280	90 394
SW re-invoiced to MH – SW application – ECP	0	14 889
SW re-invoiced to MH – Fees module	6 480	6 480
SW re-invoiced to MH – SPOZUS	0	63 000
CD-125 LEI code administration (renewal)	8 800	6 025
Total	23 920	107 791

- Deferred long-term returns in the value of € 8 640,- were affected by re-invoicing of expenses related to the information system Fees Module SW to MH.
- Expenses were re-invoiced based on the "Frame agreement on cooperation on technical and administrative support in ensuring book-entry securities transfer from owner's accounts in CDCP's registration to MH".

Receivables written-off		-
Receivables from the lease		-
Liabilities from the lease		-
Other items		-

The property in lease

- 5 copy machines. Annual costs for the rent, including print-out invoicing in the year 2017 are € 7 526. The contracts are concluded for the period of 6 months with automatic prolongation by one month. The notice period is one month.
- 1 leased car. Annual rental costs for the year 2017 are € 9 449.

L. INFORMATION ON OTHER ASSETS AND OTHER LIABILITIES**1. Conditional liabilities**

Type of contingent liability	Current accounting period	
	Total amount	To related parties
From court decisions	19 151 505	-
From guarantees provided	-	-
From generally binding legal regulations	-	-
From subordinated debt contract	-	-
From guarantees	-	-
Other contingent liabilities	-	-
Type of contingent liability	Prior accounting period	
	Total amount	To related parties
From court decisions	27 375 376	-
From guarantees provided	-	-
From generally binding legal regulations	-	-
From subordinated debt contract	-	-
From guarantees	-	-
Other contingent liabilities	-	-

The Company has the following possible other obligations that are not reflected in a common accounting and they are not included in the balance sheet:

- Currently the Company participates in several litigations resulting from transactions effected in the past periods in the total claimed amount of € 19 151 505 (including extras). Material part of litigations lasts for longer period and decisions may not be made yet for several years. It is not possible to predict with sufficient adequacy the final result of these litigations. The final decision in these litigations to the detriment of the Company may have unfavourable impact on its financial results,

Notes: Úč POD 3 - 01

Company ID			3	1	3	3	8	9	7	6
Tax ID	2	0	2	0	3	1	2	8	3	3

liquidity, and ability of the Company to meet requirements set by the law (limits) concerning its activity and uninterrupted continuation of its activities. Under these circumstances an additional financing and support of the owner and of the final owner of the Company could be needed.

- As of 31 December 2017 the Company created reserves on risks resulting from litigations in the amount of € 17 246 105. Estimation of probable loss done by the management of the Company was based on available information on status of such litigations, advice of external legal advisors, and internal assessment of probable result of litigations. Management of the Company estimated reserves only for cases where it expects the possible loss for the Company. The Company also registers disputes for which a probability, respectively the amount of loss, at this stage cannot be determined or estimated. The final result of litigations can differ from estimates and this difference can be substantial.
- For litigations, where the company expects decision made in favour of the Company, the Company has created a reserve for (share) bonus in favour of external defence attorney in the amount of € 1 381 267.
- Due to the fact that many areas of Slovakian tax law (e. g. legislation concerning transfer pricing) have not been sufficiently tested in practice, there is an uncertainty on how the tax authorities will apply them. It is not possible to quantify the level of such uncertainty and it shall cease only when legal precedents or official interpretations of the relevant authorities are available. The management of the Company is not aware of any circumstances that would result to a material cost in the future.

M. INFORMATION ON INCOME AND BENEFITS OF MEMBERS OF THE STATUTORY, SUPERVISORY AND OTHER COMPANY'S BODIES

During the respective accounting period the remuneration for members of Company's statutory bodies based on performance of their duties for the Company were in the amount of € 33 450 (in 2016: € 30 600), remuneration for supervisory bodies of the Company were in the amount of € 21 798 (in 2016: € 19 916).

No loans, guarantees, other forms of security or other performance was provided to members of statutory body and members of supervisory bodies for private purposes in 2017 (in 2016: none).

Type of income, benefit	Income and benefit of current members of Company's bodies			Income and benefit of former members of Company's bodies

MH Man – Depreciation of SW application for "transfer without consideration"	21 369	21 369
Rent	-	-
ORACLE license	-	-
Total costs	21 369	21 369

- In the year 2017, services of DLHOPIS were re-invoiced to MH Man through Other receivables (account 648) without impact on the economic result in the amount of € 1 256 008. Also in the year 2016 the RMS costs in the amount of € 1 233 140 were re-invoiced to MH Man without impact on the economic results.
- Along with accounting of costs in the form of depreciation of software re-financed by MH Man (NPF), the Company accounted the revenue in the respective amount so that it does not influence the economic result of the current year.

Receivables

MH Man – Income under the agreement with RMS and DLHOPIS	96 591	116 631
Total receivables	96 591	116 631

Payables

DLHOPIS – Expenses under the agreement with DLHOPIS	96 591	116 631
Total payables	96 591	116 631

- In compliance with Act No. 160/2009 Coll. it is allowed to natural persons to transfer without consideration the book-entry securities which are in their ownership to owner's account of MH Man and MH Man is obliged to pay off the fees incurred with transfer registration.
- MH Man, in compliance with Act No. 92/1991 Coll. as amended, is obliged to pay off the fees related to securities registration for the calendar year in course of which the securities were transferred and for two years preceding to such year, and related to transfer registration in such register.
- Based on the agreement concluded between the Company and MH Man, MH Man covers all costs relating to transfer of book-entry securities from an account of natural persons to MH Man.

Profit/loss for current accounting period	581 565	574 266	0	-581 565	574 266	574 266
Total	7 503 639	574 266	180 414	0	7 897 491	7 897 491

- In the year 2017 CDCP found out that incorrect invoices were issued to natural persons from the Czech Republic in total sum of 180 414 euro. The invoices were incorrectly issued as CDCP didn't have knowledge of executed change in form of securities (from book-entry to certified form) which were subject to invoicing at the moment of issuing the invoices. This change was performed by the issuer of book-entry securities as proceeding in the Commercial Registry, so the change was registered in the Commercial Registry, but not in the registry of CDCP. Due to above mentioned CDCP charged for administration of book-entry securities in owner's account to the respective owner of securities despite according to the Commercial Registry the securities didn't exist in the book-entry form anymore at the moment of invoicing. Given service was not provided thus it should not have been and should not be invoiced.

Cash

Cash means cash on hand, cash equivalents, and cash in current bank accounts, an overdraft facility, and the part of Cash in transit which relates to transfer between current account and cash register or between two bank accounts.

Cash equivalents

Cash equivalents are short-term financial assets that are readily convertible to a known amount of cash, and which are subject to insignificant risk of changes in value during the next three months after the financial statements preparation date, for example term deposits on bank accounts with a maximum of a three-month notice, liquid securities held for trading, or preference shares that the accounting unit has acquired and which are due within three months after the financial statements date.

SUPPLEMENT TO THE AUDITOR'S REPORT

on audit of the Annual Report for the year 2017

Centrálny depozitár cenných papierov SR, a.s.

ul. 29. augusta 1/A, 814 80 Bratislava

Company ID: 31 338 976

In Bratislava, May 2018

SUPPLEMENT TO THE AUDITOR'S REPORT

To the shareholder, the Supervisory Board, and the Board of Directors of the company
Centrálny depozitár cenných papierov SR

to the Annual Report

in compliance with §27, section 6 of the Act No. 423/2015 Coll. on Statutory Audit and on Amendments and Supplements to Act No. 431/2002 Coll. on Accounting, as amended (hereinafter only "Act on Statutory Audit")

We have audited the financial statements of the company Centrálny depozitár cenných papierov SR, a.s. (hereinafter only "the Company") as of 31 December 2017, presented in the attached Annual Report of the Company to which we have issued the following independent auditor's report on financial statements on 15 March 2018:

I. Report on audit of the financial statements

"Opinion"

We have performed the audit of the financial statements of the company Centrálny depozitár cenných papierov SR, a.s. ("the Company") which consists of the balance sheet as of 31 December 2017, the profit and loss statement for the year ending on the same date, and notes which include overview of relevant accounting principles and accounting methods.

In our opinion, the financial statements present true and reliable image of the financial situation of the Company as of 31 December 2017 and of its economic result for the year which ended on stated date in compliance with the Act No. 431/2002 Coll. on Accounting as amended (hereinafter only "Act on Accounting").

Basis for opinion

We have performed the audit in compliance with the International Standards on Auditing (ISA). Our responsibility pursuant these standards is defined in section Auditor's responsibility for audit of the financial statements. We are independent from the Company in accordance with the provisions of the Act No. 423/2015 Coll. on Statutory Audit and on Amendments and Supplements to the Act No. 431/2002 Coll. on Accounting as amended (hereinafter only "Act on Statutory Audit") with respect to ethics, including Auditor Code of Conduct, relevant for our audit of the financial statements, and we were compliant also with other requirements of these provisions related to ethics. We are convinced that obtained audit evidence is providing sufficient and acceptable basis for our opinion.

Responsibility of the statutory body for the financial statements

Management of the Company is responsible for the preparation of these financial statements so that provides true and authentic image pursuant to the Act on Accounting and for the internal controls regarded necessary for preparation of the financial statements that are free from material incorrectness, whether due to fraud or error.

At preparing the financial statements, the statutory body is responsible for assessment of Company's ability to pursue its activities continuously, for description of facts related to continuous pursuit of activities if necessary, and for application of presumption of continual pursuit of activities in the accounting, unless it has an intention to liquidate the Company or terminate the operation, or it would not have other realistic option than to do so.

Auditor's responsibility for audit of the financial statements

Our responsibility is to obtain adequate assurance that the financial statements as a whole does not includes material incorrectness, whether due to fraud or error and to issue auditor report, including the opinion. Adequate assurance is assurance of grate extent, but is not guarantee that audit performed in compliance with the International Standards on Auditing shall always disclose material incorrectness if existent. Incorrectness can arise in consequence of fraud or error, and are deemed material in case of reasonable expectation that these could have, individually or collectively, impact on economic decisions of users made on basis of these financial statements.

Within audit performed pursuant to the International Standards for Auditing, we apply expert judgment and retain professional scepticism during whole audit. Beyond that:

- We identify and assess risks of material incorrectness in the financial statements, whether due to fraud or error, propose and exercise audit procedures reacting to these risks and are obtaining audit evidence which is sufficient and suitable to provide basis for our opinion. Risk that material incorrectness is not detected is higher in case of fraud than in case of error, because fraud can include collusion, falsification, intentional omission, untrue declaration or avoidance of internal control.*
- We get acquainted with internal controls relevant for audit to be able to propose audit procedures appropriate for given circumstances, but not for purpose of provision of opinion on effectiveness of internal controls of the Company.*
- We are assessing suitability of applied accounting principles and accounting methods and adequacy of accounting estimations and related information made by the statutory body.*
- We make conclusion whether the statutory body is properly using assumption of continuous pursuing of activity in the accounting, and based on obtained audit evidence conclusion whether material uncertainty in connection with events or circumstances which could cast significant doubts on ability of the Company to pursue its activities continuously exists. If we come to conclusion that material uncertainty exists, we are obliged to give notice in our auditor report of related information stated in the financial statements, or to modify our opinion if the information is insufficient. Our conclusions arise from audit evidence obtained before date of the audit report. However, future events or circumstances may cause that the Company shall stop continuous pursue of its activities*
- We are assessing overall presentation, structure and content or the financial statements including information stated in it, and also whether the financial statements reflect realised transactions and events in a way allowing true representation."*

II. Report on other requirements of the acts and other legal regulations

Report on information stated in the Annual Report – supplement to the independent auditor report

The Statutory body is responsible for information stated in the Annual Report prepared in compliance with requirements of the Act on Accounting. Our above stated opinion to the financial statements does not apply to other information in the Annual Report.

In connection with audit of the financial statements our responsibility is to obtain knowledge on information stated in the Annual Report and to assess whether there is no significant discrepancy between information and the financial statements or our knowledge we have obtained during audit of the financial statements, or which seems to be notably incorrect in any other way.

We have assessed if the Annual Report of the Company includes information required by the Act on Accounting.

Based on work performed during audit of the financial statement and based on our opinion:

- information stated in the Annual Report for 2017 is compliant with the financial statements for given year
- the Annual Report includes information pursuant to the Act on Accounting.

In addition, based on our knowledge on the accounting unit and its situation we have obtained during the audit of the financial statements, we are obliged to state whether we have found material incorrectness in the Annual Report we received after issuing this audit report. In this connection no findings exist we should state.

15. Glossary

CFI code (ISO 10962 - Classification of Financial Instruments): The CFI consists of six alphabetical characters, assigned in compliance with the standard ISO 10962 Classification of Financial Instruments (CFI code). The CFI reflects characteristics of a financial instrument defined at issuance of the security and remain unchanged during its entire lifetime. CFI code is assigned by the agency which assigned the ISIN code to the financial instrument.

Central securities depository (CSD): An entity that: 1) enables securities transactions to be processed and settled by book entry; 2) provides custodial services (e.g. the administration of corporate actions and redemptions); and 3) plays an active role in ensuring the integrity of securities issues.

Clearing: The process of transmitting, reconciling and, in some cases, confirming transfer instructions prior to settlement, potentially including the netting of instructions and the establishment of final positions for settlement.

Dematerialisation: The elimination of physical certificates or documents of title indicating ownership of financial assets, such that the financial assets exist only as accounting records.

Delivery versus payment (DVP): A securities settlement mechanism which links a securities transfer and a funds transfer in such a way as to ensure that delivery occurs if – and only if – the corresponding payment occurs.

Financial Market Infrastructure (FMI): A multilateral system among participating institutions, including the operator of the system, used for the purposes of clearing, settling, or recording payments, securities, derivatives, or other financial transactions.

FISN code (ISO 18774 - Financial Instrument Short Name): code with 35 alphanumeric characters issued in compliance with standard ISO 18774 Financial Instrument Short Name. ISO standard implements consistent and uniform approach to standardize short names for financial instruments.

Free-of-payment delivery (FOP): Type of instruction for transfer specified by delivery of securities which is not linked to a corresponding transfer of funds.

GLEIF - The Global LEI Foundation: GLEIF is a not-for-profit organization established in June 2014 under view of ROC as operational branch of the global LEI system supporting the implementation and use of the Legal Entity Identifier (LEI). GLEIF grants accreditation and is monitoring Local Operating Units involved in the GLEIS system. GLEIF also makes available the technical infrastructure required for unification of publicly available information on LEI published by the Local Operating Unit.

GLEIS - Global Legal Entity Identifier System: GLEIS is a federated system including Local Operating Units (LOUs), end users and other partners collaborating with GLEIF in LEI codes allocation, data maintenance a publishing.

ISIN code (ISO 6166 International securities identification numbering system): 12 digit alphanumeric code for identification of securities and financial instruments issued in compliance with standard ISO 6166. International numbering system for identification of securities. The Registration Authority for standard ISO 6166 is Association of National Numbering Agencies (ANNA). ISIN code in compliance with the standard ISO 6166 and ANNA Guidelines is assigned by the National Numbering Agencies (NNA) associated in ANNA.

LEI – Legal Entity Identifier: LEI is standardised 20-digit, alpha-numeric code with structure defined by the international standard (ISO 17442). The code enables clear, unmistakeable and unique identification of legal entity in global scale.

LOU – Local Operating Unit: Entity accredited by (ROC) as Local Operating Unit authorised to allocate LEI codes. In first phase of creating of the international system of LEI codes – GLEIS all entities authorised to allocate LEI are identified as pre-LOU.

Participant: An entity which is identified / recognised by a transfer system and – either directly or indirectly – is allowed to send transfer instructions to that system and is capable of receiving transfer instructions from the system.

Securities Settlement System (SSS): A system which allows the transfer of securities, either free of payment (FOP) or against payment (delivery versus payment).

Settlement: The completion of a transaction or of processing with the aim of discharging participants' obligations through the transfer of funds and/or securities.

TARGET2-Securities (T2S): The Eurosystem's single technical platform enabling central securities depositories (CSDs) and national central banks to provide core, borderless and neutral securities settlement services in central bank money in Europe. T2S went live in the year 2015.
